GUIDING PRINCIPLES

A school is a place that promotes responsibility, respect, civility, and academic excellence in a safe learning and teaching environment. All students, parents, teachers, staff and patrons have the right to be safe and feel safe, in the Cheylin School Community. With this right comes the responsibility to be law-abiding citizens and to be accountable for actions that put at risk the safety of other or oneself.

All participants involved in the Cheylin Schools Community – students, parents or guardians, teachers, staff, and patrons are included as part of this policy whether they are on school property, on school buses or at school authorized events or activities.

All members of the school community are to be treated with respect and dignity. Insults, disrespect, abusive language, and other hurtful acts disrupt learning and teaching. Members of the school community have a responsibility to maintain an environment where conflict and differences can be addressed in a manner that is characterized by the common courtesy principles of respect and dignity.

ROLES AND RESPONSIBILITY

School Board provides direction to the school and ensures opportunity, excellence, and accountability in the education system by:

- developing policies that set out how the school will implement and enforce rules that relate to the standards for respect, civility, responsible citizenship and physical safety;
- seek input from school site council and review these policies regularly;
- provide opportunities for all staff to acquire the knowledge, skills and attitudes necessary to develop and maintain academic excellence and safe learning and teaching environment.

Administration, under the direction of the school board, takes a leadership role in the daily operation of the school. Leadership is provided by:

- demonstrating care and commitment to academic excellence and a safe teaching and learning environment;
- holding everyone, under their authority, accountable for their behavior and actions;
- communicating regularly and meaningfully with all members of the school community.

Teachers and School Staff, under the leadership of the administration, maintain order in the school and are expected to hold everyone to the highest standard of respectful and responsible behavior. As role models, staff uphold these high standards when they:

- help students work to their full potential and develop their self-worth;
- communicate regularly and meaningfully with parents;
- maintain consistent standards of behavior for all students;
- prepare students for the full responsibilities of citizenship.

Parents play an important role in the education of their children and have a responsibility to support the efforts of the school staff in maintaining a safe and respectful learning environment for all students. Parents fulfill this responsibility when they:

- show an active interest in their child's school work and progress;
- communicate regularly with the school;
- help their child be neat, appropriately dressed and prepared for school;
- ensure that their child attends school regularly and on time;
- become familiar with Cheylin Guiding Principles and school rules
- show common courtesy and respect to all; abusive language and aggressive behavior are unacceptable;
- encourage and assist their child in following the rules of behavior
- assist school staff in dealing with disciplinary issues.

Consequences for inappropriate behavior will be based on individual needs, the degree of the problem, and the ability of the person to understand and handle the consequences.

- Student consequences are outlined in the behavior code discipline action.
- Staff and administration consequences follow rules and regulations set forth by the Kansas State Board of Education, Cheylin USD #103 Board of Education, and Kansas Statutes. Consequences will range from verbal warning to termination of employment.
- Parents/Guardians and patrons are governed by Cheylin USD #103 Board policies and Kansas Statutes. Parent/Guardians and patrons consequences will range from verbal or written warning and potential restricted access to the school.

EXTRA-CURRICULAR ADDRESS TO PARENT CONCERNS

Cheylin Middle and Cheylin High School want to cooperate with parents as much as possible when parents have concerns about the extra-curricular activities in which their children are involved. In order to maintain the open lines of communications needed to maintain a good working relationship between coaches/sponsors, parents and students the following steps should be followed when addressing those concerns.

- Parents should contact the building principal the **day following** the activity and set up an appointment through the principal to talk to the coach/sponsor during the school day. Every attempt will be made by the administration to have the coach available for this conference at the convenience of the parent.
- Coaches should NEVER be contacted during an event, after an event or at home unless the concern is one involving an injury. Whenever a student is injured the parent should contact the coach immediately and notify him/her of the injury. **ALL OTHER CONCERNS SHOULD WAIT UNTIL THE FOLLOWING DAY TO BE ADDRESSED DURING THE SCHOOL DAY BETWEEN 8:00 AND 4:00.**
- Parents and coaches are encouraged to be open minded and in the spirit of cooperation be willing to listen and compromise whenever possible. In most cases, very little is accomplished when threats are made and tempers are lost. Everyone involved with these concerns should remember that when parents, students, and coaches work together more can be accomplished than working against each other.
- All parties involved in these discussions should make every effort to understand the views expressed by the other party and be willing to discuss the matter in a civil pleasant manner. In some cases, the end result may be agreeing to fact that the other party disagrees with you. **RESPECTING each other and their view should be the foremost goal of all parties involved.**
- Understanding that parents and coaches are here for the good of the entire student body and understanding that all are human and will make mistakes will go a long ways in solving concerns and improving relationship between coaches, parents, and students.

GYM USE - BIRD CITY & McDONALD

Senior high and junior high students may use the gym after school hours when a parent or adult is in the gym and is willing to be responsible for the activities of the students.

Adults responsible for senior and junior high students using the gym after school hours may secure a key from the district school office for such purposes and will be responsible for all persons under their care. All persons checking out a key will sign a contract stating that they agree to abide by all the rules and regulations contained therein.

All persons walking, running or playing on the gym floor shall use gym shoes that have NOT been used for out-of-doors wear. All persons will remain in the gym and will not go into other areas of the school facilities. The person checking out the key will be held responsible for any and all damage that persons using the gym under their supervision may cause.

Use of the West McDonald gym will be restricted to Cheylin District affiliated groups only.

FIREARMS

Possession of a firearm shall result in expulsion from school for a period of one-year (154 school days) in accordance with the provisions of the Gun-Free Schools Act, 20 USC 3351. The Superintendent may recommend probation on a case-by-case basis. Weapon or firearm means any object, material or substance, which in the manner it is used, designed to be used, or intended to be used, is capable of producing death or bodily injury.

DISBURSING OF MEDICATIONS AT SCHOOL

USD #103 personnel will NOT provide aspirin or any other type of medication to students. All medications brought to school for a student's use must be brought to the office in a properly labeled bottle, including the student's name, type of medication, dosage and time to be given. Permission for medication form must be completed before any medication will be dispensed.

COMMUNICABLE DISEASES

Any student diagnosed by a physician or suspected by school authorities as having a communicable disease may be required to withdraw from school for the duration of the illness in order to give maximum health protection to other students. The student will be re-admitted to regular classes upon termination of the illness, when approved by the student's physician or by USD 103's school nurse.

In each case involving a student with a communicable disease, the board of education reserves the right to make a final decision regarding the placement of the student after taking into account the recommendations of the health assessment team, the risks and benefits to both the student and to others.

HEALTH & NURSING SERVICES

In the event that a student becomes ill or injured at school, we will make every effort to contact the parent or designated substitute. We will not send a child home if they will be unattended. First aide will be limited to the applying of simple bandages or infection preventatives and to any justifiable emergency aid (such as stopping excessive bleeding to prevent further injury, disability or death.) See BOE Policy JCFCA.

Health services offered by the school include:

1. Hearing and Vision Screening
2. Scoliosis Screening
3. Heights and Weights
4. Blood Pressure Screening
5. Routine Checks for Control and Prevention of Communicable Diseases.

If your child is experiencing a fever with his/her illness, please **DO NOT SEND YOUR CHILD TO SCHOOL UNTIL HE/SHE IS FEVER FREE FOR 24 HOURS WITHOUT AID OF A FEVER REDUCING DRUG.**

The Board of Education of U.S.D. #103 requires verification of immunizations as provided by K.S.A. 72-5209.

SAFETY DRILLS

Safety drills for fire and tornadoes are required by state law to be held each year. All students are reminded that they are responsible to know their assigned exit or safety area. Students are not to visit during drills. Quiet and order are essential so that directions that may save your life can be heard.

Inappropriate use of the fire extinguishers is a violation of state and federal law and **WILL** be reported to the State Fire Marshall's Office for prosecution. Students misusing fire extinguishers will also be suspended out-of-school for a three (3) day period.

SCHOOL SAFETY HOTLINE

HB 2558 establishes a statewide school safety hotline that will be staffed by the Kansas Highway Patrol. The purpose of the hotline is to give students an opportunity to report "impending school violence."

Student calls will be received by a single statewide highway patrol dispatch center; then, transferred to local law enforcement that will relay information to the local school administration.

The toll-free KANSAS SCHOOL SAFETY HOTLINE NUMBER will be **1-877-626-8203**.

WEIGHT ROOM

Because of the dangerous nature of the weight room and the high chance of accidents, Cheylin students will only be permitted to use the weight room when a DESIGNATED APPROVED ADULT is present to supervise. The Superintendent will designate 3 to 4 adults who may supervise the weight room in the absence of the Weight Lifting Sponsor. All Cheylin coaches are designated approved sponsors. Approved sponsors will be posted within the weight room.

Adult community members may check out a key to the weight room from the high school office. It is highly recommended that adults only lift when two or more adults are in the weight room for personal safety. Any adult checking out a key will be held responsible for the weight equipment, facilities and any damage that may be inflicted.

Adults are NOT to allow USD #103 High School Students to lift without the designated approved adult present in the weight room. Those adults who violate this policy will no longer be allowed to use this facility.

SCHOOL LUNCH & BREAKFAST

Cheylin U.S.D. #103 utilizes the PowerLunch computer system for lunch/breakfast accounting. Each student's food service account is maintained, credited, and debited within the PowerLunch unit by dollar amount rather than by number of meals. Free and reduced price tickets are also issued with no identification on the ticket as to this designation. PowerLunch accounts are accessible online using student/parent access password.

High school students will be able to credit their food service account each morning from 8:00 a.m. to 8:10 a.m. in the cafeteria. All students must have a ticket to eat. Students will be allowed three (3) alternate meal arrangements in the event a card is lost or stolen, after which a charge of \$3.00 will be incurred to replace the card. Students indicating they will eat during lunch counts that do not show up to eat at noon will be charged for the lunch regardless.

The PowerLunch computer keeps track of each individual's account. When a student's account falls below the price of two lunches, a payment reminder receipt will be given to remind the student that they need to credit their account immediately. This payment reminder is presented to the student in the lunch line. As a result of this early warning system, there will be NO CHARGES ALLOWED for lunches or breakfasts. Students have ample time to credit their account and must be responsible enough to see that their account is replenished. PowerLunch I.D. cards are to be turned in to the office at the end of the school year.

Parents desiring financial help are encouraged to apply for free or reduced price meals through the principals' offices. Forms are included in the enrollment packets. Free and reduced price lunch cards will be issued, but there will be no identification on the card as to this designation.

The **Offer vs. Serve** meal program is observed at U.S.D. #103. Each day the students will be offered the complete lunch which includes a serving of: Milk, Bread, Meat, Fruit, and Vegetable. Students may continue to take all five items or select the minimum three food items required by the National School Lunch Program. If the student chooses to eat only the three required items, the price per meal remains the same as if all five-food items were taken. A copy of the Offer vs. Serve Program is posted in the cafeteria.

Students will be allowed to bring juice to have with their meals, but carbonated beverages are prohibited by State regulations and must not be brought in with a sack lunch.

SENIOR GRADUATION DATE

The board of education will establish the date for high school graduation. Each class is afforded the opportunity to select their graduation day from the established weekend by class vote. A graduation date will be set for the Saturday of an established weekend unless class specifically requests Sunday graduation. The graduation day shall be set by the end of the first week of May of the year preceding graduation.

Only the students who have met ALL of USD #103's academic requirements will be allowed to participate in graduation exercises.

CLASS DESIGNATION

A student's class, i.e., Freshmen, Sophomore, Junior, or Senior is determined by counting the number of credits that the student has on permanent record at the beginning of each year. Class rank is determined as follows, starting with Class of 2011:

Freshman = Less than 6 credits
Sophomore = 6 credits but less than 12 credits
Junior = 12 credits but less than 18 credits
Senior = 18 or more credits

Students wishing to opt out of class activities must have parent and student's signature on form stating intention. Opting out will deny attendance and participation at any class sponsored activity i.e. such as prom and senior trip.

PROMOTION AND RETENTION

The policy of Cheylin U.S.D. #103 is to encourage and assist each student to progress in a continuous growth pattern of academic achievement in harmony with normal intellectual, social and emotional development. The best interest of the student will be the guiding philosophy for determining acceleration, promotion or retention.

In order to be promoted, M.S. students are expected to have passing grades in their Core Curriculum subjects (Math, English, Social Studies, Science). Any M.S. student who fails two (2) or more Core Curriculum subjects will be retained in their current grade level. The year grade (which is determined by averaging the 2 semester percentage grades together) will be used in determining whether a student is promoted or retained.

In each case involving either the promotion or retention of a student the principal will consider the view points of special service personal, parents, and if applicable medical or other mental health professionals. The final decision in any case pertaining to promotion or retention shall rest with the principal.

STUDENT PROGRESS AND REPORT CARDS

The school year is divided into four nine-week grading terms. Down slips for D's and F's will be sent out as Mid-term reports. The high school and middle school schedule will contain traditional periods with nine-week and semester grades. Grade cards will be either given to the student or mailed home.

HONOR ROLL

At the end of each nine-week grading term, the office will determine a junior/senior high honor roll. The following 4-point scale is used to determine honor roll members:

Grade of A = 4 points
Grade of B = 3 points
Grade of C = 2 points
Grade of D = 1 point
Grade of F = 0 points

A student must be enrolled in 20-quarter credits or 5 subjects for the year to be eligible for the honor roll, and may not have any grade lower than a C-. To be named to the Cheylin Honor Roll a student must have a GPA between 3.7 and 4.0. To be named to the honorable mention roll requires a GPA between 3.00 and 3.69.

Credit will be awarded for a student transferring from non-state accredited schools based on the student's documented past educational experience and performance on tests administered to determine grade level placement. Minimum acceptable tests to be considered: (1) a national normal standardized test taken within immediate (6) six months prior to enrollment. The student must score at a minimum 40th percentile level on standardized test in subject area(s) for which credit is sought, or (2) score at 60% accuracy on test(s) prepared by Cheylin USD #103 staff in subject(s) where credit is sought. Tests using higher standards than those listed will be considered.

Students must be in attendance the **ENTIRE DAY** to be eligible to **PLAY OR PRACTICE** in that day's extra-curricular activities.

There will be three (3) exceptions to this rule:

1. Attendance at a funeral
(Will require a note from parents verifying attendance at a funeral)

3. Students participating in Cheylin High School Card Incentive Program Activities
*** Special situations will be handled by the administration. ***

WEEKLY ELIGIBILITY

All students must meet certain academic standards to be eligible for athletic and/or extra curricular activities. Eligibility will be cumulative for the entire semester. Weekly eligibility requirements will commence at the beginning of the third week of each semester period. Any student who does not maintain a minimum 2.00 GPA with NO GRADES of F standard will be placed on academic probation. A student on academic probation will be allowed a one-week grace period to meet the standard. If a student fails to raise his/her grades during the grace period they will be declared ineligible for a minimum of one week. Students will remain ineligible until the minimum standard is met. The ineligible period will commence and end at 12:00 p.m. on Monday. If an extra-curricular activity begins prior to 12:00 p.m. Monday the student will be allowed to participate until the activity is concluded. The Superintendent may grant an exemption for crisis situations. The makeup period will be the same as the time missed because of the crisis. The principal or counselor will personally inform students who are ineligible or on academic probation. Parents will receive an e-mail or letter informing them of their son/daughter's academic probation or ineligible status. KSHSAA eligibility rules are still in force at all times.

KSHSAA RULES

b. Enrollment - The student shall be enrolled in and attending a minimum of five (5) new subjects (those not previously passed), of unit weight, or its equivalency, during the present semester.

A student shall not be permitted to make-up work after the close of the semester for the purpose of becoming eligible. A "condition" or an "incomplete" shall count as a failure in determining KSHSAA eligibility.

EXTRA-CURRICULAR ACTIVITIES

Extra-curricular activities will be defined as all school-sponsored activities, which do not give units of credit toward graduation, including such activities as prom, school sponsored dances, club meetings, class activities, academic contests, music contests, athletic competitions, cheerleading, dance, and their activities. All outside dates must be registered in high school office prior to dance. Doors will be locked 30 minutes after scheduled time for dance to start. There will be no admittance to dance after doors are locked unless prior exception has been made on an individual basis with dance sponsor.

For 8th Grade Promotional Exercise: A graduation exemption will be made to allow an alternative academic or discipline option for those students academic ineligible or under discipline suspension at the time of graduation. These exemptions will not include suspension for alcohol or drug violations.

PART-TIME STUDENT

Once a student declares part-time student status, the student forfeits participation in all extra-curricular activities for the remainder of the year, excepting graduation ceremony.

CALLING SCHOOL TO VERIFY ABSENCE

The day a student is absent, for student safety, we request that the parent/guardian notify the school office before 8:30 a.m. to inform school personnel of their child's absence. If no contact has been made by 8:30 a.m., by parent, school personnel will call the parents of the absent student to ensure the safety of the student.

ABSENCES

The Cheylin Board of Education recognizes regular attendance as necessary to achieve consistent educational progress. Classroom learning experiences are a meaningful and essential part of the educational system. Time lost from class is irretrievable, particularly a student's opportunity for interaction and exchange of ideas with teachers and other students. Kansas State Law provides local school boards with authority to establish standards for attendance. USD 103 therefore considers encouragement of consistent and timely attendance a major responsibility.

Students are expected to be in the classes to which they are assigned on every school day except in the case of illness or injury, school-related activity, family emergency or religious observance. It is the responsibility of the school administration to monitor student attendance and to communicate with students and their parents when attendance patterns do not meet district standards. It is the parent's responsibility to ensure that their children are in school and to notify the school when their child will be absent.

Personal business-such as senior pictures, banking, shopping etc. and personal grooming should be conducted during times the school is not in session. These absences will be considered unexcused.

ATTENDANCE AND EARNING CREDIT

In order to earn credit in a class, a student may not have more than three unexcused absences or more than **seven (7)** total absences per semester without making up appropriate time. Five **doctor documented** medical absences will be allowed in addition to the **seven (7)** days. In School Suspensions are not considered as absences. Out of School Suspensions are considered unexcused absences. Students will be allowed to make up all work missed and have the work checked, but will not be given credit for work missed during OSS time as well as making up 1 ½ hours for each hour of unexcused time missed for OSS time.

After a student has accumulated three unexcused absences or a total of six excused absences in a semester, the student and/or his or her parent will receive written notification from the principal. The principal will advise the student and parent of the policy and the consequences that will result if the maximum number of absences is exceeded and appropriate time is not made up. When a student has exceeded the minimum accumulation of three unexcused absences or a total of **seven (7)** absences in a semester, the student will immediately be placed on probation and written notice will be given to the student and parent. This probationary period will determine the status of the student and whether or not credit will be allowed at the end of the semester. As long as the student makes up the attendance time over and above the **seven (7)** absences, credit will be allowed. This time must be made up in a timely manner determined by the principal and the parent. Since attendance is primarily the responsibility of the student and the parent, this time will be made up during early mornings, after school, Saturday, or on days school is not regularly in session such as inservice days and parent/teacher conferences.

The attendance committee, in determining whether additional time is to be made up, may give consideration to extreme medical or health problems which are fully documented or other extreme hardship situations which account for a substantial number of the absences.

The student and parent may appeal the decision of the attendance committee to the Board of Education.

The two days allowed seniors for college or vo-tech visitations will not be considered part of the **seven (7)** absence maximum per semester.

Kansas Statute 72-1113

Kansas Statute 72-1113 states: "Whenever a child is required by law to attend school and is enrolled in school and the child is inexcusably absent there from on either three (3) consecutive school days or five or more school days in a semester, the child shall be considered to be not attending school as required by law. A child is inexcusably absent from school if the child is absent there from all or a significant part of a school day without a valid excuse acceptable to the school official designated by the board of education to have responsibility for the school attendance of such child. In accordance with the provisions of K.S.A. 72-1113, a child not attending school as required by law shall be reported to SRS and/or the county attorney in accordance with the provisions of said statute."

SPECIFIC ABSENCE RULES

USD #103 will recognize the following three levels of absences:

Level 1

Absences caused by illness of the student, serious illness or death in the immediate family, or some equally serious and unavoidable cause. Level 1 absence work may be made up with full credit. Beginning from the date the student returns to school after a Level 1 absence, he/she is allowed the same number of days missed during the absence to make up any work missed. In the event of extended illness or extenuating circumstances, the student may be allowed additional time to make up missed work with the teacher's and principal's approval.

Level 2

All absences, except those described in Level 1 and Level 3, which have been approved by the parent/guardian are Level 2 absences. Level 2 absences require the student to have class assignments completed and turned in to the teacher one (1) hour prior to the first day or time that the student will be absent or by 4:15 p.m. the night before activity if departure time occurs prior to 7:50 a.m. NO CREDIT will be given for work or tests that have not been completed and turned in PRIOR to the first day of a Level 2 absence. Examples of Level 2 absences include: Eye Doctor-Dentist-Doctor Appointments, College Visitations, Family Vacations, School Activities, etc. Student requests for class assignments may be made up to six school days in advance of the planned absence.

Level 3

All absences from class in which the excuse is unsatisfactory and/or without the knowledge, consent, or approval of the parents/guardians and school administration are Level 3 absences. NO CREDIT will be given for daily work or tests missed as the result of a Level 3 absence. Examples of Level 3 absences include: Cutting classes, leaving school without permission, etc.

All absences, regardless of the cause or level will be recorded on the student's cumulative attendance record.

WRITTEN VERIFICATION OF ABSENCE

All absences, to be recorded as Level 1 or Level 2, SHALL require a note written and signed by the student's parent/guardian or activity sponsor or telephone/verbal contact with the school office. A doctor's note shall be required upon returning to school from an appointment. This note shall be given to the school secretary.

Level 1 notes may be submitted upon your return to school. Level 2 notes MUST be presented PRIOR to your absence. The note will include the following information:

1. The date of the absence,
2. The reason for the absence,
3. The location of the student during the absence,
4. The parent's/guardian's or activity sponsor signature verifying the information stated.

If any of the above information is missing or is incorrect, the absence will be recorded as a Level 3 absence, meaning no credit given for work missed.

ADMIT SLIPS

When a junior or senior high student returns to school from any absence (including Level 1, Level 2, and Level 3), he/she must obtain an admit slip from the office secretary to be admitted back into class. This admit slip is to be presented to each teacher in each class you missed while absent. The teacher will mark the absence as Level 1, Level 2, or Level 3 in his/her grade book and assign makeup work if the absence is a Level 1 absence. (Level 2 absences must be made up in advance and Level 3 absences do not allow makeup work). Admit slips are for your use and are NOT to be turned back in to the office, except the ones for card incentive free days.

TARDIES

A junior or senior high student arriving at school after 8:15 a.m., or after the commencement of the student's first class, which ever comes first, will be considered tardy. Also, when he/she is not IN the classroom when the buzzer sounds. Any student who is tardy due to being detained by another teacher must obtain a pass from the teacher who detained them. In such cases, the tardy will not be marked by the second teacher. When a student is tardy, the teacher will record the tardy on their attendance slip. If a student is tardy 1st period, they must come to the office for an admit slip. A student is considered tardy up to 30 minutes.

On the third (3rd) accumulated tardy in a 9-week grading term, and for each additional tardy thereafter, a student will be assigned to a 30 minute detention period. Repeated or habitual tardies may result in In-school suspension.

Elementary students arriving at school after 8:15 a.m. will be considered tardy. The first tardy will result in a warning and each tardy thereafter will result in a 15 minute detention after school.

COURSE CHANGES

Changes in a junior or senior high school student class schedule will be limited to the first week of each semester. Changes made within the first week may be made ONLY with the consent of the counseling department, parents and principal. Any course that is dropped after two weeks will be recorded on your transcript as "withdrawn passing" or "withdrawn failing," whichever is appropriate.

High school students are discouraged from dropping a subject after the first week of school. A student may drop a subject then only by mutual agreement of the student, parent, and counselor and principal. The request to drop a subject should begin with the counselor, then to the teacher, parent and principal.

LEAVING SCHOOL

Students may not leave the school buildings or grounds during the school day unless a permission note or verbal contact from parent/guardian is on file or made with the school office. A definite reason for leaving school must be cited before permission is obtained from the office. Students will not be permitted to leave school until contact has been made with a parent/guardian. Once the student leaves the building with or without permission, the school assumes no responsibility or liability for the welfare of the student. Students leaving without first checking out through the office will be recorded as unexcused absences.

Students in grades K through 8th must eat lunch in the school cafeteria unless they are picked up by their parent/guardian. All 9th through 12th grade students wishing to go downtown during noon time must have a permission note from parents/guardian on file in school office before the student may leave school property. Students must walk unless permission to drive is on file in school office. Only students residing in the same household will be allowed to ride together. Downtown and home to lunch are the boundaries of the driving and/or riding privilege without express daily permission citing alternate location. Students violating any driving or riding privileges, students experiencing problems getting back to class on time, students who act inappropriately on the way down and back, or who act inappropriately while downtown will lose their noon time privileges for a period of nine week from the day of the violation

Students who smoke or use chewing tobacco while on lunch break will be suspended under the smoking-chewing tobacco policy whether they are on school grounds or not.

STAIRWAYS & HALLWAYS

Stairways are for getting from one floor to another. They are not to be used for sitting or lounging, which makes it difficult for others to pass safely. Hallways are also not to be used as lounge areas. Students are not to sit or lie on the floor or furniture in the hallways or classrooms.

LOCKERS

Lockers are provided for all students and will be assigned at enrollment. No permanent shelves, stickers, pictures or posters not suitable for an educational setting (including those of scantily clothed models or those depicting alcohol or drugs) are to be put into the lockers or on the sides of the doors.

Lockers are provided for the purpose of storing books, backpacks, coats, and other personal items at school. The lockers are the property of the school and are open to administrative inspection at any time. The administration reserves the right to seize illegal substances, objects, or recover school property that is not checked out. At the end of the school year, the student will be required to properly clean out the locker before being signed out for the summer. Any damage to the locker beyond normal wear and tear will be charged directly to the student. Padlocks are available in the office. A \$7.00 refundable fee will be charged.

APPEARANCE AND DRESS CODE GUIDELINES

The dress code is established in order for students to make a positive choice of dress that is appropriate for school. In all cases, students are expected to dress in a manner that will project a positive image of themselves, other students, the Cheylin staff and the Cheylin community.

During normal school day all clothing should be worn the way it is supposed to be worn. Dress considered inappropriate includes, but is not limited to the following: clothing with obscene, suggestive, or sexual double meanings, or alluding to or portraying alcoholic beverages, drugs or smoking materials. Hats/caps stay off until the building is exited. Repeated occurrences of inappropriate dress may result in detention, or out-of-school suspension.

In addition to the previously mentioned, students will not be allowed to have their midriffs uncovered. At no time will a student's underwear be allowed to show. Other dress considered inappropriate includes, but is not limited to the following: spaghetti strapped tops, halter tops, and undershirts worn alone. Any shirt that reveals bra straps is not allowed. Students whose clothing breaks the rules previously mentioned will be sent to the office. Cheylin staff reserves the right to decide if dress is inappropriate. The student will have to fix the problem before they will be allowed to return to class. If needed, the office will have clothing to loan the student. Repeated occurrences of inappropriate dress may result in detention, or out-of-school suspension.

Parents/guardians please make every attempt to see what your daughter or son is wearing to school before they leave home.

Students deemed wearing inappropriate dress will be required to change.

Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student discipline. Drug and alcohol counseling and rehabilitation programs are available for district students. If a student agrees to enter and complete a drug education or rehabilitation program, the cost of such program will be borne by the student and his or her parents.

A list of available programs along with names and addresses of contact persons for the program is on file with the board clerk. Parents or students contact the directors of the programs to determine the cost and length of the program.

SUSPENSION AND EXPULSION OF STUDENTS

Suspension and expulsion of pupils shall be imposed in accordance with state statutes K.S.A. 72-8901 through K.S.A. 72-8906, providing appropriate due process to fully protect the rights of all parties concerned, and in compliance with the policies of the Cheylin Board of Education. The following statements apply to the student's rights to due process when a suspension or expulsion proceeding is required.

Suspension

The student has a right to notice (oral or written) of the charges against him/her, and a right to an informal hearing with the principal or other school official who is proposing to suspend the student. At a minimum the student must be afforded the following:

1. The right of the student to be present at the informal hearing;
2. The right of the student to be informed of the charges and basis for the accusation;
3. The right of the student to make statements in defense of the charges.

If the student is a danger to himself/herself or others or is destroying school property, the student may be suspended and removed from school immediately. Written notice of the length of the suspension and the reasons for the suspension must be sent to the student and his parents within 24 hours. An informal hearing must also be held no later than 72 hours after the student is suspended.

Expulsion

Procedures for long-term suspensions or expulsion include:

1. giving the student notice of the reasons for the proposed suspension or expulsion and of his/her opportunity for hearing.
2. giving the parents/guardians of the student the same notice given to the student.
3. affording the student a formal hearing before a hearing officer or committee which must make a written report of its findings and conclusions.
4. allowing the student to appeal the decision to the board.

Suspension/Expulsion Driver's License Suspension

SB 129 requires the school's chief administrative officer to notify law enforcement of suspension/expulsion within ten days for students committing a school safety violation. The following are identified school safety violations: drugs, firearms, fighting.

PUBLIC DISPLAY OF AFFECTION

Displays of affection are not acceptable behavior in the school setting. Students are expected to conduct themselves with good taste and respect for themselves and others in these relationships. Public demonstrations of kissing, embracing, and other intimate contacts are embarrassing to others and show little respect for you or others. Public display of affection will not be tolerated at USD #103.

VANDALISM

Cheylin USD #103 school buildings are deserving of the respect of our entire student body. Any student who is found defacing or vandalizing the building or other student's property will face the following consequences.

1. Repair of the damage by the individual(s) involved.
2. Payment to replace or repair any and all damage incurred.
3. Incident reported to county law enforcement officials and/or county attorney with possibility of criminal charges being filed.
4. Suspension of the student for up to five (5) days or expulsion, depending upon the severity of the vandalism.

CHEATING

Cheating shows disrespect for yourself, your classmates, your teachers, and your parents. Cheating will not be tolerated at USD 103. Consequences for cheating are as follows:

First Offense

Student will receive a zero on the work or test involved. No opportunities for retakes will be afforded. Parents will be informed of the cheating incident.

Second Offense

Same consequences as 1st offense plus up to a three (3) day in-school suspension.

Third Offense

Student will be recommended for long-term suspension (up to the rest of the current semester) with no credit for work or tests missed during the suspension.

Subsequent Offenses

Student will be recommended for expulsion.

CONTROLLED SUBSTANCE-ALCOHOL ABUSE POLICY

Drug Free Schools

Maintaining drug free schools is important in establishing an appropriate learning environment for the district's students. The unlawful possession, use, sale or distribution of illicit drugs and alcohol by students on school premises or as a part of any school activity is prohibited. This policy is required by the 1989 amendments to the Drug Free Schools and Communities Act, P.L. 102-226, 103 St. 1928.

Any students who appears to be in a state of disorientation or who does not have normal control of self will be subject to drug recognition evaluation. Every student and parent, guardian, or person with whom the student resides will be informed and required to sign a drug policy statement yearly regarding the disciplinary action that can and will be taken if a student is found to be in violation of this policy.

CLASSROOM DISRUPTION

At times when the learning process in the classroom is disrupted by student's conduct, the teacher should, as closely as possible, follow the steps as hereinafter set forth:

1. Keep adequate records for the teacher's protection and the protection of the student of all conference and administrative actions that might be used in later administrative appeals.
2. When the teacher first detects a behavioral problem in a student, the teacher must arrange for a private conference with the individual pupil.
3. In the event that the teacher feels that the discipline problem has persisted or cannot be handled by the individual teacher, the school counselor and principal should be notified of the problem.
4. The counselor and/or principal shall try to schedule a private conference with the individual student, and such conference may include the pupil, the teacher, the counselor and/or principal, and if the counselor and/or principal feel that it is necessary that the parents of the student be present, the parents should be notified immediately. The presence of the parents, however, is not necessary and rests in the sound discretion of the counselor and/or principal and the teacher.
5. From time to time it may be beneficial to the student to have his class schedule changed in order to aid in his behavioral problem. When the principal takes action of this sort the parents shall be notified.
6. Prior to the time a student is removed from class with loss of credit the parents shall be notified.

FIGHTING

For the purposes of this policy, fighting is defined as a physical attempt to strike blows or retaliate. Fighting is NOT an acceptable alternative to dealing with disagreements among students. Students are encouraged to seek help from a counselor, teacher, administrator or parent when problems arise.

In addition, fighting endangers the health and safety of other students and interrupts the learning environment of the school. The following procedure will be used when students are involved in a fight at school or at a school-sponsored extra-curricular activity.

First Offense

1. Student will be suspended for up to five (5) days in school.
2. Parent notification.
3. Alternative ways the student can resolve conflicts.
4. Student will be banned from all school activities for one week.
5. Report to law enforcement will be made following SB 129 procedures

Additional fighting incidents will result in further out-of-school suspensions and possible expulsion.

SMOKING - CHEWING TOBACCO

The use and/or possession of tobacco products (including chew, cigarettes, lighters, matches, etc.) are not permitted at any time on Cheylin USD #103 school grounds, buildings, or buses. Mint snuff and other tobacco look-likes will be treated as being tobacco products.

Any student seen smoking, chewing, or in possession of smoking materials during regular school hours (8:15 a.m. to 4:15 p.m.) or at anytime you are on school property regardless of whether the student is on school grounds or on private property, will be in violation of USD 103's no smoking, no tobacco policy and subject to suspension. ANY Cheylin staff member or administrator can substantiate violations.

Staff members and administrators will confiscate any cigarettes, smoking materials (lighters, matches, etc.) or chewing tobacco brought on school grounds, school transportation or in school buildings. Furthermore, any student who resists or becomes abusive upon being given a request by any staff member to turn in tobacco products will be treated as having a second violation of this policy.

Consequences for Violations

1st Violation – Detention to short term suspension

Repeated – Short term to long-term suspension.

****A reminder - that during regular school hours (8:15 a.m. through 4:15 p.m.) students are under the jurisdiction of the school district and must follow the guidelines and policies thereof. Students violating this policy between the hours of 8:15 a.m. through 4:15 p.m. whether you are in the school building, outside on school grounds, in a bus, in your car, walking downtown, or standing on the corner across from the school building, will be subject to the consequences listed above.

SEXUAL HARASSMENT

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certified and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for an employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual's education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating hostile or offensive academic environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure to sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extra-curricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of sexual harassment and take prompt corrective action to end the harassment. Any student who believes that he or she has been subjected to sexual harassment should discuss the alleged harassment with the building principal, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district's attorney. The district's attorney shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure. (See KN)

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable, but do not constitute harassment may provide grounds for discipline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the building coordinator or district coordinator shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD)

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment shall not reflect upon the individual's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each district facility. The policy shall also be published in student, parent and employee handbooks as directed by the principal. Notification of the policy shall be included in the school handbook or published in the local newspaper annually.

BULLYING, HAZING AND HARASSMENT

Incidents involving initiation, bullying, hazing, intimidation, and/or related activities which are likely to cause bodily danger, physical harm, personal degradation or disgrace resulting in physical or mental harm, or which affect the attendance of another student, are prohibited.

Bullying is an ongoing physical or verbal mistreatment where there is: 1) an imbalance of power and 2) the victim (target) is exposed repeatedly to negative actions on the part of one or more students.

Direct bullying is bullying that results in relatively open attacks on a victim (target). Indirect bullying takes the form of social isolation and intentional exclusion from a group.

TRANSPORTATION

Pupils transported in district school buses shall be under the direction of and responsible to obey the bus driver. Riding the school bus will be considered as an extension of the school day; therefore, the rules governing student conduct apply to students riding any and all district school/activity buses. The following guidelines are for use by bus drivers and administration in the event that student misconduct occurs on a bus.

First Offense

Bus driver verbally warns the student, student assigned to temporary assigned seat on bus. Transportation Disciplinary Report filled out, given to student for parental signature, returned to the driver the next day, filed with building principal.

Second Offense

Bus driver verbally warns student. Bus driver informs parent by phone of inappropriate behavior. Transportation Disciplinary Report filled out, given to student for parental signature, returned to the driver the next day, filed with building principal. Principal meets with student and sends notice home with letter warning of possible removal of bus riding privileges.

Third Offense

Bus driver verbally warns student. Bus driver informs building principal - files Transportation Disciplinary Report. Principal contacts student and parent. Student removed from bus for one (1) week.

Fourth Offense

Same as third offense except student will be removed from bus for two (2) weeks or more (up to remainder of school year) depending upon the severity of the offense.

Subsequent Offense

Subsequent Offenses will be handled as a fourth offense, with the penalty congruent with the severity of the offense and number of previous offenses.

Depending upon the severity of the offense, the building principal reserves the right to by-pass the first and second offense levels and apply the third or fourth level consequences, which may include immediate removal of bus riding privileges for extended periods of time (up to the remainder of the school year).

SCHOOL/ACTIVITY BUS BEHAVIOR GUIDELINES

Students are instructed in the following rules and will be expected to follow the bus conduct expectations at all times.

1. Pupils being transported are under the authority of the bus driver at all times.
2. Pupils may be assigned seats by the driver and must remain in their assigned seat unless the driver makes a change.
3. Pupils shall remain seated while the bus is in motion, facing forward at all times.
4. Pupils will not smoke, use any tobacco products, drugs, alcohol, or be in possession of such items at any time while on the bus.
5. Pupils are not to eat while on the bus or bring pop, candy or gum on the bus.
6. Pupils will keep the bus clean at all times.
7. Any student damaging any part of the bus will be held responsible to pay for replacement of the damaged item.
8. Pupils shall not at any time extend their hands, arms, heads, or any other part of their body through the bus windows.

All bus drivers have been instructed by the Board of Education to not permit a student to leave direct supervision of staff or sponsor until they have arrived at their destination, except on written instructions from the building principal. The building principal will not issue said written instructions to the bus driver unless written permission from the student's parent has been received. The written instructions must include the date, the student's name, the new destination, and the parent's signature.

Drivers have also been instructed to not allow students, who normally do not ride their bus to ride, unless the driver has received written instructions from the building principal. Again, the building principal will not issue such instructions without written permission for the student's parent, allowing them to ride the bus and to be delivered at a destination other than their own.

EXTRA-CURRICULAR ACTIVITIES

TRAINING RULES FOR SCHOOL ACTIVITIES

All high school and junior high school head coaches or activity sponsors shall develop training rules for each assigned sport or activity. Specific penalties shall be listed for 1st offense training rule violations. Specific penalties shall be listed for 2nd & subsequent training rules violation. The rules shall be submitted to the board of education for approval. Fall sports or activities rules shall be submitted prior to or at the July board of education meeting. Winter sports or activities rules shall be submitted prior to or at the October board of education meeting. Spring sports or activities rules shall be submitted prior to or at the March board of education meeting. The training rules shall be explained to the participants in a meeting prior to the season. A statement signed by the participant and his or her parent/guardian, acknowledging receipt of the rules, is to be kept on file with the athletic director. Team members may mutually agree to more stringent rules than those developed by the head coach or sponsor.

SCHOOL ACTIVITIES

ACTIVITIES

Student conduct at all school activities (assemblies, school trips, ball games, etc.) should show courtesy to all guests, hosts and opponents. Our image impressed upon others will be carried across the state. Violation of this rule will be handled in the same manner as any student misconduct.

CLUBS & ORGANIZATIONS

The Cheylin Board of Education has provided for the organization of various groups of students. Presently these include FFA, FCCLA, and National Honor Society. Students must be in good standing to participate in the activities of these clubs.

STUDENT GOVERNMENT

The Student Government is the representative organization for the student body. It is the student's means for instituting changes in rules and school policies, as well as a forum for controversy among students or between students and faculty.

ACTIVITY TRIPS

Students are required to use school transportation to and from all school activities. Students are not allowed to drive personal vehicles. Special exemption to the rule may be granted through prior written parental permission granted by the principal.

If a parent desires their child to ride home with them following an activity, a written request from the parents will be needed **PRIOR** to leaving the school. The written note removes the student liability from the sponsor, coach and school district and allows the sponsor/coach to be informed of who will be riding on school transportation prior to the actual trip.

If a parent attends the activity and decides to take their child home from the activity but has not given prior notification to the coach/sponsor, the parent **MUST MAKE PERSONAL CONTACT** with the coach/sponsor before the student will be released.

Parents may not take other students home from an activity unless **PRIOR WRITTEN NOTIFICATION** has been presented to the coach/sponsor. A parent may not assume responsibility for transporting a student home without **PRIOR** notification.

STUDENT SPECTATOR BUS

A student spectator bus may be taken to some away varsity athletic events. A report of poor conduct while riding this bus will result in disciplinary action and the denial of the privilege to ride the spectator bus on future trips. Anyone riding the bus to an event **MUST** return on the bus unless written permission is given by parent to school.

Cheylin District Transportation Rules will be in force at all times for the spectator bus. It is the parent's responsibility to be at the school to pick up their son/daughter upon return to the school from out-of-town games.

FIELD TRIPS

Educational field trips may be taken by classes during the school year under the teacher's direction. Parents/guardians may be asked to assist with these trips. If there are more parents wishing to assist than seats available a random drawing, based on a percentage of students in each class to ratio of available seats, will be used as the selection criteria. Parents are welcome to follow along in their own vehicles. If the trip destination is outside the school district boundaries, a parental permission slip must be signed for the student to go. Students will be expected to be in attendance for field trips unless they have a legitimate excuse.

Because of the exceptional circumstances of out-of-town field trips, students who have difficulty adhering to rules may be directed to remain at school on subsequent trips when their class goes on a field trip.

No children other than assigned classes or representative participants of Cheylin U.S.D. #103 will be allowed to ride in school vehicles or buses.

GUIDELINES FOR SENIOR TRIP

Seniors will be allowed a trip up to three days, two nights if the following provisions are met.

1. Trip itinerary to board of education meeting one month prior to trip.
2. The trip must conclude thirty (30) days prior to graduation, if the trip is more than one day.
3. Itinerary shall contain all departure and arrival times with phone number of places visited.
4. Medical information form notarized prior to departure.
5. Individual student must be in good standing.
6. All class bills and obligations must be paid prior to trip.
7. All expenses including sponsors' must be paid out of class fund at the time of the trip, retaining \$250 in fund for year-end expenses.
8. The student-sponsor ratio must be 5 to 1 and class fund must pay for all special needs expenses.
9. Class will be responsible for any damages incurred that are not individually identified.
10. All fund raising activities must be cleared through the superintendent.

SPECIAL EDUCATION

Cheylin USD #103 is committed to providing an education that appropriately meets the needs of each student. For some students, supportive educational assistance is needed through special education programs and services. This means that Cheylin will identify all exceptional children and then provide the needed special education for these students in the most normal educational setting possible. Exceptional children are defined as autistic, behavior disordered, deaf-blind, early childhood, special education, gifted, hearing impaired, mentally retarded, other health impaired, physically impaired, severe multiply disabled, specific learning disabled, speech/language impaired, traumatic brain injured, and visually impaired.

Cheylin has a comprehensive special education program that adheres to the federal regulations within the Individuals with Disabilities Act (IDEA) and to the Kansas requirements contained within Article 12 of the Kansas Administrative Regulations. The need for these services is determined with parents at each building site. Specific steps in identifying and providing special education services are followed with all parent and student due process rights and confidentiality provided.

If you believe your child may be in need of special education services, you may initiate a referral to your school's Student Services Team. All parents will be informed as soon as their child is referred for one of the special programs. Parents and, in some cases, the child will be closely involved with the school's special service team decision. While parents may request a due process hearing, this is ordinarily not necessary if parents and school personnel work closely together for the child's benefit.

The goals of an appropriate educational program for all exceptional students is a reflection of the philosophy of Cheylin USD #103 to provide quality educational services for all children. For further information concerning the special education programs and referrals, contact your Superintendent of schools, Bruce Bolen, at (785) 734-2341. You may also contact the Director of Special Education, Kathy Kerstenbrock-Ostmeyer, NKESC at (785) 672-3125. HUMAN SEXUALITY AND AIDS EDUCATION

A parent or guardian (or student eighteen years of age or older) may use the district opt-out provision to remove the student from some portion or all of human sexuality and AIDS classes included in the district's required curriculum.

Following appropriate review of the curriculum goals on file at the board of education office, the parent or guardian must complete the district opt-out form and state the portion (s) of the curriculum in which the student is not to be involved.

Any parent or guardian who does not want the student involved in all or some portion of the Human Sexuality and AIDS education classes of the district shall be provided a written copy of the district goals and objectives for the appropriate Human Sexuality and AIDS class to which the student is assigned. This information may be provided to the parent or guardian upon request prior to the opening of school. Board Policy IKCA
